

**Selected King County Public Libraries That Will Have  
2007 Water System Plan Public Review Draft Starting July 21, 2006**

Note: Since web access has improved so much in recent years and this plan is on our web page, also as part of City of Seattle's efforts to cut down on paper used, we are providing hard copies of the plan only at the following selected libraries spread throughout King County, not including the Seattle Libraries that will have hard copies of the plan. There is a separate list on our web page for these Seattle Libraries. Seattle Public Utilities provides drinking water to much of King County.
